I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 1A (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 1A was adopted by the District on December 6, 2011.

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, an update to the assessment plan, and the assessment roll (the "Assessment Roll") identifying the assessments on each parcel (the "Phase 1A Assessments"), based on the method of assessment set forth in the Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

II. Annual Service Plan Update

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the original allocation of Project Costs to Phase 1A, which reflects a 7.30%[2] non-PID share factor, is $1,838,040. As a result of replats filed for Phase 1A, $16,912 in assessments were prepaid for lots that decreased in size and $25,475 in assessments were prepaid for lots which increased in size. Details of the prepayment calculations are shown in Section III herein and summarized in Table 1. The remaining assessments after these prepayments are $1,820,700. Taking the prepayments into consideration, the maximum reimbursable Project Costs, excluding interest, are $1,863,794.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 1A's allocation of PID Costs, including applicable interest, was established by the Reimbursement Agreement[3]. A portion of this indebtedness was retired as a result of the collection of Phase 1A Assessments from 2012 through 2015 and the subsequent reimbursement to the Developer for PID Costs. The remaining indebtedness was financed through the issuance of the $8,230,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2015 (the "Series 2015 Bonds") issued in December 2015 pursuant to an Order adopted by the Board on December 10, 2015 (the "Bond Order"). Projected annual cashflows for the five-year period ending in Fiscal 2031 are shown in Table 2 below.

A. Apportionment of Costs

The Service and Assessment Plan provides for the benefitted parcels to be classified into one of twenty (20) lot size categories for purposes of apportioning costs and the corresponding Phase 1A Assessments. These categories and the corresponding Phase 1A Assessment are shown in Table 3 below. As a result of the consolidation of two lots, Table 3 also includes one additional category.

B. Annual Installments

The Phase 1A Assessment imposed on any parcel may be paid in part or in full at any time. Eight (8) partial prepayments have been made to-date. If not paid in full, the Phase 1A Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2012 tax year and will finish in the 2038 tax year. Pursuant to the Service and Assessment Plan, the first two installments consisted of principal only and the Phase 1A Assessment balance thereafter bore interest at the rate of 5.00% per annum through 2015[5]. Following the issuance of the Series 2015 Bonds and beginning with the 2016 Annual Installment, the interest rate on the Phase 1A Assessment was adjusted to the net effective interest rate for the Series 2015 Bonds, or approximately 4.682%, plus one-half of one percent (0.50%

[4] Lots 41 and 42 of Block 46 were consolidated in 2015 as described in Section III.C. Table 4 reflects the Assessment for the consolidated lot.

[5] Pursuant to the PID Act, this rate of interest is below the initial maximum allowable rate of interest of 8.532% and is not greater than the maximum allowable rate of interest applicable after the fifth Annual Installment of 5.532%.

and hereinafter referred to as the "Additional Interest Rate") as authorized pursuant to Section 372.018 of the Act and as originally set forth in the Service and Assessment Plan. The resulting additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs are $23.00 per lot, with the exception of Lot 41R which is the consolidation of Lots 41 and 42 and for which the Annual Collection Costs are $46.00. The Phase 1A Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as property taxes, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

C. Replats

In 2015, Lots 41 and 42 of Block 46 were consolidated into Lot 41R. Lots 41 and 42 were classified as Lot Category 14 and Lot Category 16, respectively. Pursuant to the Service and Assessment Plan, upon consolidation the Assessment for Lot 41R is equal to the sum of the Assessments levied against Lot 41 and 42. No additional replats of assessed parcels have occurred since the 2016 Annual Service and Assessment Plan Update dated December 10, 2015.

D. Assessment Roll

The Assessment Roll attached as Exhibit A identifies the tax parcel number and lot category for each Phase 1A assessed parcel, along with the outstanding Phase 1A Assessment principal and Annual Installment to be collected.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 1A-2 and 1C-2 (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 1A-2 and 1C-2 was adopted on September 10, 2013 and amended and restated in December 10, 2013 (the "Amended and Restated Service and Assessment Plan").

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Amended and Restated Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, an update to the assessment plan, and an update to the assessment roll (the "Assessment Roll") identifying the assessments on each parcel (the "Phase 1A-2 and 1C-2 Assessments"), based on the method of assessment set forth in the Amended and Restated Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

II. Annual Service Plan Update

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the allocation of Project Costs to Phase 1A-2 and Phase 1C-2, which reflects a 7.30%[2] non-PID share factor, is $212,415 and $2,025,890, respectively.

B. PID Indebtedness

Indebtedness in the form of the obligation to reimburse the Developer from Assessments for Phase 1A-2's and Phase 1C-2's allocation of PID Costs, including applicable interest, was established by the Reimbursement Agreement[3]. A portion of this indebtedness was retired as a result of the collection of Phase 1A-2 and 1C-2 Assessments from 2014 through 2015 and subsequent reimbursement from these collections to the Developer for Public Improvement Costs. The remaining indebtedness was financed through the issuance of the $8,230,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2015 (the "Series 2015 Bonds") issued in December 2015 pursuant to an Order adopted by the Board on December 10, 2015 (the "Bond Order"). A. Apportionment of Costs

The Amended and Restated Service and Assessment Plan provides for the benefitted parcels to be classified into one of twenty (20) lot size categories for purposes of apportioning costs and the corresponding Phase 1A-2 and 1C-2 Assessments. These categories and the corresponding Phase 1A-2 and 1C-2 Assessments are shown in Table 3 below. As a result of replats which occurred in Phase 1C-2, Table 3 also includes two additional categories.

B. Annual Installments

The Phase 1A-2 and 1C-2 Assessment imposed on any parcel may be paid in full at any time. Currently, no Phase 1A-2 and 1C-2 Assessments have been prepaid. If not paid in full, the Phase 1A-2 and 1C-2 Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2014 tax year and will finish in the 2040 tax year. Pursuant to the Amended and Restated Service and Assessment Plan, the first two installments consisted of principal only and the Phase 1A-2 and 1C-2 Assessment balance thereafter bore interest at the rate of 5.00% per annum through 2015[5]. Following the issuance of the Series 2015 Bonds and beginning with the 2016 Annual Installment, the interest rate on the Phase 1A-2 and 1C-2 Assessment was adjusted to the net effective interest rate for the Series 2015 Bonds, or approximately 4.682%, plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate") as authorized pursuant to Section 372.018 of the Act and as set forth in the Amended and Restated Service and Assessment Plan. C. Replats

In 2016, Phase 1C-2 Lots 1 and 2 of Block 13 were replatted and consolidated into Lot 1R. In 2019, this replatted Lot 1R consolidated with Lot 3 of Block 13 to create Lot 1R1. Lot 1 was previously classified as Lot Category 1, while Lots 2 and 3 were classified as Lot Category 20. Pursuant to the Amended and Restated Service and Assessment Plan, the Phase 1A-2 and 1C-2 Assessment for Lot 1R1 is equal to the sum of the Phase 1A-2 and 1C-2 Assessments levied against Lots 1 through 3. Therefore, partial mandatory prepayment was not required.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 1B and 1C-1 (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 1B and 1C-1 was originally adopted by the District on January 18, 2013 and amended and restated on July 22, 2014 (the "Amended and Restated Service and Assessment Plan").

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Amended and Restated Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, an update to the assessment plan, and an updated assessment roll (the "Assessment Roll") identifying the assessments on each parcel (the "Phase 1B and 1C-1 Assessments"), based on the method of assessment set forth in the Amended and Restated Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the original allocation of Project Costs to Phase 1B and Phase 1C-1, which reflects a 7.30%[2] non-PID share factor, is $1,933,561 and $271,660, respectively. As a result of replats filed for Phase 1B, $65,176 in assessments were prepaid for a school site and $2,620 in assessments were prepaid for lots that decreased in size. Details of the prepayment calculations are shown in Section III herein and summarized in Table 1; the remaining assessments after the prepayments are $1,868,385. Taking the prepayments into consideration, the maximum reimbursable Project Costs for Phase 1B, excluding interest, are $1,936,267. Since there have been no assessment prepayments, the maximum reimbursable Project Costs for Phase 1C-1, excluding interest, are equal to the original Project Costs allocation.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 1B's and Phase 1C-1's allocation of PID Costs, including applicable interest, was established by the Reimbursement Agreement[3]. A portion of this indebtedness was retired as a result of the collection of Phase 1B and 1C-1 Assessments from 2013 through 2015 and subsequent reimbursement to the Developer for Public Improvement Costs. The remaining indebtedness was financed through the issuance of the $8,230,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2015 (the "Series 2015 Bonds") issued in December 2015 pursuant to an Order adopted by the Board on December 10, 2015 (the "Bond Order"). Projected cashflows for the five-year period ending in Fiscal 2031 are shown in Tables 2A and 2B on the following page.

A. Apportionment of Costs

The Amended and Restated Service and Assessment Plan provides for the benefitted parcels to be classified into one of twenty (20) lot size categories for purposes of apportioning costs and the corresponding Phase 1B and 1C-1 Assessments. These categories and the corresponding Phase 1B and 1C-1 Assessments are shown in Table 3 below.

B. Annual Installments

The Phase 1B and 1C-1 Assessment imposed on any parcel may be paid in full at any time. The assessment for the Phase 1B school site has been prepaid and two (2) partial mandatory prepayments have been made to-date in connection with the replats as described in the 2016 Amended and Restated Annual Service and Assessment Plan Update to the Service and Assessment Plan. If not paid in full, the Phase 1B and 1C-1 Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2013 tax year and will finish with the 2039 tax year. Pursuant to the Amended and Restated Service and Assessment Plan, the first two installments consisted of principal only and the Phase 1B and 1C-1 Assessment balance thereafter bore interest at the rate of 5.00% per annum through 2015[5]. Following the issuance of the Series 2015 Viridian PID Bonds and beginning with the 2016 Annual Installment, the interest rate on the Phase 1B and 1C-1 Assessments was adjusted to the net effective interest rate for the Series 2015 Bonds, or approximately 4.682%, plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate") as authorized pursuant to Section 372.018 of the Act and as originally set forth in the Amended and Restated Service and Assessment Plan. The resulting

[4] The Phase 1B total Assessments amount of $1,868,385 is net of the $65,176 school site Assessment which was previously prepaid.
[5] Pursuant to the PID Act, this rate of interest is below both the statutory initial maximum allowable rate of interest of 10.325% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 7.325%.

additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs range from $5.35 to $53.52 per lot. The Annual Installment of the Phase 1B and 1C-1 Assessment will be due and payable at the same time property taxes are due and payable to the county. The Phase 1B-1 and 1C-1 Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as property taxes are due, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

C. Replats

No replats of assessed parcels have occurred since the 2016 Amended and Restated Annual Service and Assessment Plan Update to the Service and Assessment Plan. As described in the 2016 Amended and Restated Annual Service and Assessment Plan Update to the Service and Assessment Plan, Phase 1B Lots 40R and 113R of Block 4 were replatted into Lots 40R1 and 113R1, respectively, resulting in lot size increases and a corresponding change in Lot Category and Phase 1B and 1C-1 Assessment.

Consequently, partial mandatory prepayments equal to the difference between the Phase 1B and 1C-1 Assessment as originally levied and the applicable Phase 1B and 1C-1 Assessment given the change in Lot Category were made for Lots 40R1 and 113R1 and combined with the proceeds of prepayments received from Phases 1B and 1C-1, 1E1B, 1E-2 and 1E-3, and 1E1A, $9,000.00 in principal from the Series 2015 Viridian PID Bonds was redeemed on July 24, 2017. The partial mandatory prepayments required in connection with each replat are shown in Table 6. The total amount of the partial mandatory prepayments for Phase 1B was $2,706.38.

D. Assessment Roll

The Assessment Roll attached as Exhibit A identifies the tax parcel number and lot category for each Phase 1B and 1C-1 assessed parcel, along with the outstanding Phase 1B and 1C-1 Assessment principal and Annual Installment to be collected.

[6] The revised outstanding Phase 1B and 1C-1 Assessment is based on the Phase 1B and 1C-1 Assessment for the Lot Category applicable after the replat, adjusted and reduced by the principal that would have been paid in the first three years of collection.

[7] Accrued interest from January 1, 2016 through September 15, 2016, the date of prepayment, at the interest rate of 4.682%.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 1D (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 1D was originally approved by the District on August 9, 2016 and amended and restated in 2017 (the "Amended and Restated Service and Assessment Plan") in connection with the issuance of the $5,392,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2017 (the "Series 2017 Bonds").

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Amended and Restated Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, an update to the assessment plan, and an updated assessment roll (the "Assessment Roll") identifying the assessments on each parcel (the "Phase 1D Assessments"), based on the method of assessment set forth in the Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

II. Annual Service Plan Update

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the allocation of Project Costs to Phase 1D, which reflects a 7.30%[2] non-PID share factor, is $1,849,600.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 1D's allocation of the PID Costs, including applicable interest, was established by the Reimbursement Agreement[3]. The indebtedness was financed through the Series 2017 Bonds issued pursuant to an Order adopted by the Board on November 14, 2017 (the "Bond Order"). Projected cashflows for the five-year period ending in Fiscal 2031 are shown in Table 2 on the following page.

[2] 5.00% benefit allocation to commercial properties outside of the PID and approximately 2.30% benefit allocation to 510 brownstone units anticipated to be developed in the Viridian Town Center which is outside the boundaries of the PID.

[3] The Assignment and Assumption of Amended and Restated Phase I Reimbursement Agreement, dated July 16, 2015, between the District and the Developer which assigned the Phase 1 reimbursement agreement dated April 1, 2011 between the PID and the Developer.

B. Annual Installments

The Phase 1D Assessment imposed on any parcel may be paid in part or in full at any time. Currently, no Phase 1D Assessments have been prepaid. If not paid in full, the Phase 1D Assessment is payable in annual Installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs") such Annual Installments commenced with the 2017 tax year and will finish in the 2043 tax year. Pursuant to the Service and Assessment Plan, the Phase 1D Assessment balance bore interest at the rate of 5.00% per annum prior to the issuance of the Series 2017 Bonds[4]. As a result of the issuance of the Series 2017 Bonds and beginning with the 2024-25 Annual Installment, the interest rate on the Phase 1D Assessments was adjusted to the net effective interest rate on the Series 2017 Bonds, or approximately 4.283%, plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate") as authorized pursuant to Section 372.018 of the Act and as originally set forth in the Service and Assessment Plan. The resulting additional interest (the “Additional Interest”) shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs range from $8.03 to $53.52 per lot. The Phase 1D Annual Installments will (i) be included on the regular County property tax bill, (ii)

[4] Pursuant to the PID Act, this rate of interest is both below the statutory initial maximum allowable rate of interest of 8.260% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 5.260%.

be due and payable to the County at the same time and in the same manner as property taxes, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 1E-1A (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 1E-1A was adopted by the District on July 22, 2014.

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, an update to the assessment plan, and an updated assessment roll (the "Assessment Roll") identifying the assessments on each parcel (the "Phase 1E-1A Assessments"), based on the method of assessment set forth in the Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the original allocation of Project Costs to Phase 1E-1A, which reflects a 7.30%[2] non-PID share factor, is $275,995. As a result of replats filed for Phase 1E-1A, $2,837 in assessments were prepaid for lots that decreased in size and $1,419 in assessments were prepaid for lots that increased in size. Details of the prepayment calculations are shown in Section III herein and summarized in Table 1. The remaining assessments after the prepayments are $273,105. Taking the prepayments into consideration, the maximum reimbursable Project Costs, excluding interest, are $277,460.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 1E-1A's allocation of the PID Costs, including applicable interest, was established by the Reimbursement Agreement[3]. A portion of this indebtedness was retired as a result of the collection of Phase 1E-1A Assessments in 2015 and the subsequent reimbursement to the Developer for Public Improvement Costs. The remaining indebtedness was financed through the issuance of the $8,230,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2015 (the "Series 2015 Bonds") issued in December 2015 pursuant to an Order adopted by the Board on December 10, 2015 (the "Bond Order"). Projected cashflows for the five-year period ending Fiscal 2031 are shown in Tables 2 below.

A. Apportionment of Costs

The Service and Assessment Plan provides for the benefitted parcels to be classified into one of twenty (20) lot size categories for purposes of apportioning costs and the corresponding Phase 1E-1A Assessments. These categories and the corresponding Phase 1E-1A Assessments are shown in Table 3 below.

B. Annual Installments

The Phase 1E-1A Assessment imposed on any parcel may be paid in part or in full at any time. Three (3) partial mandatory prepayments have been made to-date in connection with the replats as described in the 2016 Amended and Restated Annual Service and Assessment Plan Update to the Service and Assessment Plan. If not paid in full, the Phase 1E-1A Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2015 tax year and will finish in the 2041 tax year. Pursuant to the Service and Assessment Plan, the Phase 1E-1A Assessments bore interest at the rate of 5.00% per annum through 2015[4]. Following the issuance of the Series 2015 Bonds and beginning with the 2016 Annual Installment, the interest rate on the Phase 1E-1A Assessment balance was adjusted to the net effective interest rate for the Series 2015 Bonds, or approximately 4.682%, plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate") as authorized pursuant to Section 371.018 of the Act and as originally set forth in the Service and Assessment Plan. The resulting additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture

[4] Pursuant to the PID Act, this rate of interest is both below the statutory initial maximum allowable rate of interest of 9.370% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 6.370%.

or order. Annual Collection Costs range from $18.73 to $37.46 per lot. The Phase 1E-1A Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as property taxes, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

C. Replats

No replats of assessed parcels have occurred since the 2016 Amended and Restated Annual Service and Assessment Plan Update to the Service and Assessment Plan. As described in the 2016 Amended and Restated Annual Service and Assessment Plan Update to the Service and Assessment Plan, Phase 1E-1A Lots 41, 42, and 47 of Block 4 were replatted into Lots 41R, 42R, and 47R, respectively, resulting in lot size adjustments and a corresponding change in Lot Category and Phase 1E-1A Assessment. Lot 41R increased from a Lot Category 7 Parcel to a Lot Category 8 Parcel and Lots 42R and 47R both decreased from a Lot Category 8 Parcel to a Lot Category 7 Parcel. Consequently, partial mandatory prepayments equal to the difference between the Phase 1E-1A Assessment as originally levied and the applicable

Phase 1E-1A Assessment given the change in Lot Category were made for Lots 41R, 42R, and 47R and combined with the proceeds of prepayments received from Phases 1B and 1C-1, 1E-1B, 1E-2 and 1E-3, and 1E-1A $9,000.00 in principal from the Series 2015 Viridian PID Bonds were redeemed on July 24th, 2017. The partial mandatory prepayments required in connection with the replats are shown in Table 6. The total amount of the partial mandatory prepayments was $4,396.29.

D. Assessment Roll

The Assessment Roll attached as Exhibit A identifies the tax parcel number and lot category for each Phase 1E-1A assessed parcel, along with the outstanding Phase 1E-1A Assessment principal and Annual Installment to be collected.

[5] The revised outstanding Phase 1E-1A Assessment is based on the Phase 1E-1A Assessment for the Lot Category applicable after the replat, adjusted and reduced by the principal that would have been paid in the first year of collection.

[6] Accrued interest from January 1, 2016 through September 15, 2016, the date of prepayment, at the interest rate of 4.682%

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phases 1E-1B, 1E-2, and 1E-3 (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the “Board”) identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phases 1E-1B, 1E-2, and 1E-3 was adopted on January 13, 2015 and amended and restated on November 10, 2015 in connection with the District's issuance of its Assessment Revenue Bonds, Series 2015 (the "Series 2015 Bonds").

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, an update to the assessment plan, and an updated assessment roll (the "Assessment Roll") identifying the assessments on each parcel (the "Phase 1E-1B, 1E-2, and 1E-3 Assessments"), based on the method of assessment set forth in the Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

II. Annual Service Plan Update

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the original allocation of Project Costs to Phase 1E-1B, Phase 1E-2, and Phase 1E-3, which reflects a 7.30%[2] non-PID share factor, is $349,910, $856,885, and $1,037,510, respectively. As a result of replats filed for Phase 1E-2 and Phase 1E-3, $6,941 in assessments were prepaid from a lot that was reclassified as non-benefited and $2,890 in assessments were prepaid for lots that decreased in size. Details of the prepayment calculations are shown in Section III herein and summarized in Table 1. The remaining assessments after these prepayments are $848,215 for Phase 1E-2 and $1,036,065 for Phase 1E-3. Taking the prepayments into consideration, the maximum reimbursable Project Costs, excluding interest, are $370,984, $857,122, and $1,037,558 for Phase 1E-1B, Phase 1E-2, and Phase 1E-3, respectively.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 1E-1B's, Phase 1E-2's, and Phase 1E-3's allocation of PID Costs was established by the Reimbursement Agreement[3]. This indebtedness was financed through the issuance of the $8,230,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2015 (the “Series 2015 Bonds”) issued in December 2015 pursuant to an Order adopted by the Board on December 10, 2015 (the "Bond Order"). Projected cashflows for the five-year period ending in Fiscal 2031 are shown in Tables 2A, 2B, and 2C on the following page.

[3] The Assignment and Assumption of Amended and Restated Phase I Reimbursement Agreement, dated July 16, 2015, between the District and the Developer which assigned the Phase 1 reimbursement agreement dated April 1, 2011 between the PID and the Developer.

B. Annual Installments

The Phase 1E-1B, Phase 1E-2, or Phase 1E-3 Assessment imposed on any parcel may be paid in full at any time. One (1) full and two (2) mandatory partial prepayments have been made to-date in connection with (i) the reclassification of Lot 21R of Block 60 as Non-Benefited Property and (ii) the replats described in the 2016 Amended and Restated Annual Service and Assessment Plan Update to the Service and Assessment Plan. If not paid in full, the Phases 1E-1B, 1E-2, and 1E-3 Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2016 tax year and will finish in the 2042 tax year. As a result of the issuance of the Series 2015 Bonds, the interest rate on the Phase 1E-1B, 1E-2, and 1E-3 Assessments was adjusted to the net effective interest rate for the Series 2015 Bonds, or approximately 4.682%, plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate") as authorized pursuant to Section 372.018 of the Act and as originally set forth in the Service and Assessment Plan. The resulting additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs range from $5.35 to $53.52 per lot. The Phase 1A Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as

property taxes, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

C. Prepayments and Replats

As described in Section III.B above, one (1) full and two (2) mandatory partial prepayments have been made to-date. No additional replats of assessed parcels have occurred since the 2016 Update. The prior prepayments are shown in Tables 6, 7, and 8 on the following pages. As noted in the 2016 Update, Phase 1E-2 Lots 1 and 2 of Block 59 and Lots 33 and 34 of Block 63 were replatted into Lots 1R, 2R, 33R and 34R, respectively, resulting in lot size adjustments for Lot 33R. Lot 33R decreased from a Lot Category 5 Parcel to a Lot Category 4 Parcel. In addition, Phase 1E-3 Lot 5 of Block 57 was replatted into Lot 5R. Lot 5R decreased from a Lot Category 14 Parcel to a Lot Category 13 Parcel. However, due to the timing of the recording of the replat, Lot 5R was not recognized by the County in the 2016 tax year. Therefore, Lot 5R was shown for the first time in the 2017 Assessment Roll. The partial mandatory prepayments required in connection with the replats equal the difference between the Phase 1E-1B, 1E-2, and 1E-3 Assessment as originally levied and the revised Phase 1E-1B, 1E-2, and 1E-3 Assessment as applicable given the change in Lot Category. Consequently, partial mandatory prepayments equal to the

difference between the Phase 1E-1B, 1E-2, and 1E-3 Assessment as originally levied and the applicable Phase 1E-1B, 1E-2, and 1E-3 Assessment given the change in the Lot Category were made for Lots 5R and 33R and combined with the proceeds of prepayments received from Phases 1B and 1C-1, 1E-1B, 1E-2 and 1E-3, and 1E-1A. As a result, $9,000.00 in principal from the Series 2015 Bonds were redeemed on July 24, 2017. The amount of the full prepayment was $7,130.03 and the amount of the partial mandatory prepayments was $2,985.46.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 1F (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 1F was originally approved by the District on September 13, 2016.

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Amended and Restated Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, an update to the assessment plan, and an updated assessment roll (the "Assessment Roll") identifying the assessments on each parcel (the "Phase 1F Assessments"), based on the method of assessment set forth in the Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the original allocation of Project Costs to Phase 1F, which reflects a 7.30%[2] non-PID share factor, is $488,410. As a result of replats filed for Phase 1F, $2,890 in assessments were prepaid for lots which decreased in size, $1,445 in assessments were prepaid for lots which increased in size, and $4,335 in assessments were levied on one lot that was reclassified from non-benefited to Lot Category 3. Details of the prepayment calculations are shown in Section III herein and summarized in Table 1. The remaining assessments after these prepayments and the lot reclassification are $489,855. Taking the prepayments into consideration, the maximum reimbursable Project Costs, excluding interest, are $494,339.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 1F's allocation of PID Costs, including applicable interest, was established by the Reimbursement Agreement[3]. The indebtedness was financed through the $5,392,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2017 (the "Series 2017 Bonds") issued pursuant to an Order adopted by the Board on November 14, 2017 (the "Bond Order"). Projected cashflows for the five-year period ending in Fiscal 2031 are shown in Table 2 below.

A. Apportionment of Costs

The Service and Assessment Plan provides for the benefitted parcels to be classified into one of twenty (20) lot size categories for purposes of apportioning costs and the corresponding Phase 1F Assessments. These categories and the corresponding Phase 1F Assessments are shown in Table 3 below.

The distribution of the Phase 1F residential lots and the corresponding aggregate Phase 1F Assessments are shown in Table 4 on the following page. Amended plats for Phase 1F were recorded on October 20, 2016 and April 7, 2017 resulting in one additional lot and the reclassification of certain other lots. Consequently, the distribution of lots and the aggregate Phase 1F Assessments have changed when compared to the original Service and Assessment Plan. Please see Section III.C below for additional details.

B. Annual Installments

The Phase 1F Assessment imposed on any parcel may be paid in part or in full at any time. If not paid in full, the Phase 1F Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2017 tax year and will finish in the 2043 tax year. Pursuant to the Service and Assessment Plan, the Phase 1F Assessments bore interest at the rate of 4.87% per annum prior to the issuance of the Series 2017 Bonds[4]. As a result of the issuance of the Series 2017 Bonds and beginning with the 2018 Annual Installment, the interest rate of the Phase 1F Assessments was adjusted to the net effective interest rate on the Series 2017 Bonds, or approximately 4.283%, plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate") as authorized pursuant to Section 372.018 of the Act and as originally set forth in the Service and Assessment Plan. The resulting additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs were levied at 5.00% of the applicable Assessment and range from $8.03 to $18.73 per lot. The Phase 1F Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as property taxes, and (iii)

[4] Pursuant to the PID Act, this rate of interest is both below the statutory initial maximum allowable rate of interest of 7.870% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 4.870%.

become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

C. Replats

Pursuant to the amended plats for Phase 1F recorded on October 20, 2016 and April 7, 2017, partial mandatory prepayments equal to the difference between the Phase 1F Assessment as originally levied and the applicable Phase 1F Assessment given the change in Lot Category are required for Lots 21R and 23R of Block 65. The amended plats also resulted in the renumbering of Lot 19X of Block 64 to Lot 19 and the reclassification of this lot from Non-Benefited Property to Assessed Property, Lot Category 3. Pursuant to Section IV.2.C.2 of the Service and Assessment Plan, the Phase 1F Assessment corresponding to the Lot Category is hereby levied and reflected in the Assessment Roll attached hereto. The total amount of the partial mandatory prepayments made was $4,483.95. The calculation of the partial mandatory prepayments is shown in Table 6 below. The Annual Service and Assessment Plan Update for 2017 was amended and restated to reflect the issuance of the Series 2017 Bonds and the replatting of lots within Phase 1F.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 1K (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 1K was approved by the District on March 10, 2020.

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Service and Assessment Plan includes an update to the service plan, an update to the assessment plan and an updated assessment roll attached hereto as Exhibit A (the "Assessment Roll") toward the repayment of such bonds.

[1] Viridian Holdings, LP and its successors and assigns.

II. Annual Service Plan Update

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the allocation of Project Costs to Phase 1K, which reflects a 7.30%[2] non-PID share factor, is $1,864,050.

The indebtedness was financed through the $4,820,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2020 (the "Series 2020 Bonds") issued

[2] 5.00% benefit allocation to commercial properties outside of the PID and approximately 2.30% benefit allocation to 510 brownstone units anticipated to be developed in the Viridian Town Center which is outside the boundaries of the PID.

[3] The Assignment and Assumption of Amended and Restated Phase 1 Reimbursement Agreement, dated July 16, 2015, between the District and Developer which assigned the Phase 1 reimbursement agreement dated April 1, 2011 between the PID and the Developer.

pursuant to an Order adopted by the Board on August 11, 2020 (the "Bond Order"). Projected cashflows for the five-year period ending in Fiscal 2031 are shown in Table 2 below.

B. Annual Installments

The Phase 1K Assessment imposed on any parcel may be paid in part or in full at any time. If not paid in full, the Phase 1K Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2020 tax year and will finish in the 2046 tax year. Pursuant to the Service and Assessment Plan, the Phase 1K Assessment bore interest at the rate of 4.53% per annum[4] prior to the issuance of the Series 2020 Bonds. Following the District's issuance of the Series 2020 Bonds, the interest rate on the Phase 1K Assessments was adjusted to the net effective interest rate on such bonds, or approximately 3.46%, plus an additional one-half of one percent (0.50%) (the "Additional Interest Rate") as authorized pursuant to the PID Act. The resulting additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs range from $5.35 to $53.52 per lot. The Phase 1K Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as property taxes, and (iii) become

[4] Pursuant to the PID Act, this rate of interest is below both the statutory initial maximum allowable rate of interest of 7.53% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 4.53%.

delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 2A (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 2A was originally approved by the District on November 8, 2016 and amended and restated in 2017 (the "Amended and Restated Service and Assessment Plan") in connection with the issuance of the $5,392,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2017 (the "Series 2017 Bonds").

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Amended and Restated Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, an update to the assessment plan, and an updated assessment roll (the "Assessment Roll") identifying the assessments on each parcel, based on the method of assessment set forth in the Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the original allocation of Project Costs to Phase 2A, which reflects a 7.30%[2] non-PID share factor, is $3,060,510. As a result of replats filed for Phase 2A, $7,093 in assessments were prepaid for one lot that was reclassified as non-benefited and $1,419 in assessments were prepaid for lots that increased in size. Details of the prepayment calculations are shown in Section III herein and summarized in Table 1. The remaining assessments after the prepayments are $3,053,285. Taking the prepayments into consideration, the maximum reimbursable Project Costs, excluding interest, are $3,061,974.

B. Annual Installments

The Phase 2A Assessment imposed on any parcel may be paid in part or in full at any time. If not paid in full, the Phase 2A Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2017 tax year and will finish in the 2043 tax year. Pursuant to the Service and Assessment Plan, the Phase 2A Assessment balance bore interest at the rate of 5.00% per annum prior to the issuance of the Series 2017 Bonds[4]. As a result of the issuance of the Series 2017 Bonds and beginning with the 2018 Annual Installment, the interest rate on the Phase 2A Assessments was adjusted to the net effective interest rate on the Series 2017 Bonds, or approximately 4.283%, plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate") as authorized pursuant to Section 372.018 of the Act and as originally set forth in the Service and Assessment Plan. The resulting additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual

[4] Pursuant to the PID Act, this rate of interest is both below the statutory initial maximum allowable rate of interest of 8.060% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 5.060%.

Collection Costs range from $8.03 to $53.52 per lot. The Phase 2A Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as property taxes, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 2B (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 2B was originally approved by the District on April 10, 2018 and amended and restated on December 11, 2018 in connection with the District's issuance of its Assessment Revenue Bonds, Series 2018 (the "Series 2018 Bonds").

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Amended and Restated Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, the assessment plan, and the assessment roll (the "Assessment Roll) identifying the assessments on each parcel (the "Phase 2B Assessments"), based on the method of assessment set forth in the Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

II. Annual Service Plan Update

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the allocation of Project Costs to Phase 2B, which reflects a 7.30%[2] non-PID share factor, is $2,366,910.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 2B's allocation of the PID Costs, including applicable interest, was established by the Reimbursement Agreement[3]. The indebtedness was financed through the $5,480,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2018 (the "Series 2018 Bonds") issued pursuant to an Order adopted by the Board on November 29, 2018 (the "Bond Order"). Projected cashflows for the five-year period ending in Fiscal 2031 are shown in Table 2 on the following page.

[2] 5.00% benefit allocation to commercial properties outside of the PID and approximately 2.30% benefit allocation to 510 brownstone units anticipated to be developed in the Viridian Town Center which is outside the boundaries of the PID.

[3] The Assignment and Assumption of Amended and Restated Phase 1 Reimbursement Agreement, dated July 16, 2015, between the District and Developer which assigned the Phase 1 reimbursement agreement dated April 1, 2011 between the PID and the Developer.

B. Annual Installments

The Phase 2B Assessment imposed on any parcel may be paid in part or in full at any time. If not paid in full, the Phase 2B Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2018 tax year and will finish in the 2044 tax year. Pursuant to the Service and Assessment Plan, the Phase 2B Assessment balance bears interest at the rate of 5.00% per annum[4] prior to the issuance of the Series 2018 Bonds. Commencing with the 2019-20 Annual Installments, the interest rate on the Phase 2B Assessments was adjusted to the net effective interest rate on the Series 2018 Bonds or 4.965630% plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate"). Total Annual Collection Costs are unchanged at 5.00% of the Phase 2B Assessments. The resulting additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs range from $10.70 to $53.52 per lot. The Phase 2B Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as property taxes, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

[4] Pursuant to the PID Act, this rate of interest is below both the statutory initial maximum allowable rate of interest of 8.90% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 5.90%.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 2C (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 2C was originally approved and adopted by the District on May 14, 2019.

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan and the assessment plan and reflects the District's issuance of its Assessment Revenue Bonds, Series 2020 (the "Series 2020 Bonds") in September 2020 and the pledge of the assessments (the "Phase 2C Assessments") on each parcel identified in the assessment roll attached hereto as Exhibit A (the "Assessment Roll") toward the repayment of such bonds.

[1] Viridian Holdings, LP and its successors and assigns.

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the original allocation of Project Costs to Phase 2C, which reflects a 7.30%[2] non-PID share factor, is $2,978,145. As a result of replats filed for Phase 2C, $20,230 in assessments were prepaid for lots that decreased in size and $27,455 in assessments were prepaid for lots that increased in size. Details of the prepayment calculations are shown in Section III herein and summarized in Table 1. The remaining assessments after the prepayments are $2,957,915. Taking the prepayments into consideration, the maximum reimbursable Project Costs, excluding interest, are $3,007,077.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 2C's allocation of PID Costs was established by the Reimbursement Agreement[3]. The indebtedness was financed through the $4,820,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2020 (the "Series 2020 Bonds") issued pursuant to an Order adopted by the Board on August 11, 2020 (the "Bond Order"). B. Annual Installments

The Phase 2C Assessment imposed on any parcel may be paid in part or in full at any time. If not paid in full, the Phase 2C Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2020 tax year and will finish in the 2046 tax year. Pursuant to the Service and Assessment Plan, the Phase 2C Assessment balance bore interest at the rate of 5.00% per annum[4] prior to the issuance of the Series 2020 Bonds. Following the District's issuance of the Series 2020 Bonds, the interest rate on the Phase 2C Assessments was adjusted to the net effective interest rate on such bonds, or approximately 3.46%, plus an additional one-half of one percent (0.50%) (the "Additional Interest Rate") as authorized pursuant to the PID Act. The resulting additional interest (the "Additional Interest") shall be used for establishing debt service or prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs range from $5.35 to $53.52 per lot. The Phase 2C Annual Installments will (i) be included on the regular County property tax bill, (ii)

[4] Pursuant to the PID Act, this rate of interest is below both the statutory initial maximum allowable rate of interest of 8.88% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 5.88%.

be due and payable to the County at the same time and in the same manner as property taxes, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.

Pursuant to the replatting of Phase 2C Block 44 and Block 51, Phase 2C Assessments in the amount of $49,161.91, including interest, were prepaid in August 2020. The calculation of the prepayment amounts is shown in Tables 6A and 6B below and on the following page. Pursuant to the amended plat of Block 36 Lot 5 filed in August of 2021, this lot is now Block 36 Lot 5R. No prepayment was required since the original outstanding assessment equals the revised original assessment, as outlined in Table 6C on the following page.

I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District (the "District") Resolution, dated June 28, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 2D (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying for Phase 2D-2 of the PID the Public Improvements to be financed by the PID and the estimated costs of such Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in Phase 2D-2 of the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 2D was originally approved by the District on January 12, 2021. On September 14, 2021 an Amended and Restated Service and Assessment Plan for Phase 2D (the "Amended and Restated Service and Assessment Plan") was prepared identifying for Phase 2D-1 of the PID the Public Improvements to be financed by the PID and the estimated costs of the Public Improvements, the indebtedness to be incurred to finance such Public Improvements, and the manner of assessing the property in Phase 2D-1 of the PID for the costs of the Public Improvements. On November 8, 2022 an Amended and Restated Annual Service and Assessment Plan Update was prepared in connection with the District's issuance of its Assessment Revenue Bonds, Series 2022 (the "Series 2022 Bonds").

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Service and Assessment Plan includes an update to the service plan, an update to the assessment plan, and an updated assessment roll (the "Assessment Roll") identifying the assessments levied on each parcel within Phase 2D.

[1] Viridian Holdings, LP and its successors and assigns.

II. Annual Service Plan Update

Section 372.013 of the PID Act requires that the annual service plan updates (i) define the annual indebtedness and the projected costs of the Authorized improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the allocation of Project Costs to Phase 2D-1 and Phase 2D-2, which reflects a 7.30%[2] non-PID share factor, is $1,092,420 and $1,589,500, respectively.

B. PID Indebtedness

Indebtedness in the form of the obligation of the District to reimburse the Developer from Assessments for Phase 2D's allocation of PID Costs was established in the Reimbursement Agreement[3]. The indebtedness was financed through the $5,144,000 Viridian Municipal Management District Assessment Revenue Bonds, Series 2022 issued pursuant to an Order adopted by the Board on November 8, 2022 (the "Bond Order"). Projected cashflows for the five-year period ending in Fiscal 2031 are shown in Tables 2A and 2B on the following page.

The Phase 2D-1 Annual Installments commenced with the 2022 tax year and will finish in the 2048 tax year. The Phase 2D-2 Annual Installments commenced with the 2021 tax year and will finish in the 2047 tax year. Pursuant to the Amended and Restated Service and Assessment Plan, the Phase 2D-1 Assessment bears interest at the rate of 4.14% per annum[4] prior to the issuance of the Series 2022 Bonds. I. Introduction

The Viridian Public Improvement District (the "PID") was created pursuant to the Public Improvement District Act, being Chapter 372 of the Texas Local Government Code (the "PID Act"), Chapter 3861 of the Texas Special Districts Local Laws Code, and the Viridian Municipal Management District Resolution, adopted on June 6, 2011, to finance or reimburse certain fire protection and parks and greenspace public improvements (the "Public Improvements") for the benefit of the property in the PID. The construction of the Public Improvements may be funded by the Developer[1] with reimbursement from assessment revenues and/or from the proceeds of assessment revenue bonds issued by the PID.

Subsequently, a service and assessment plan for Phase 2F (the "Service and Assessment Plan") was prepared at the direction of the Board of Directors of the Viridian Municipal Management District (the "Board") identifying the Public Improvements to be financed by the PID, the costs of the Public Improvements, the indebtedness to be incurred to finance the Public Improvements, and the manner of assessing the property in the PID for the costs of the Public Improvements. The Service and Assessment Plan for Phase 2F was originally approved by the District on November 14, 2017 and amended and restated on December 11, 2018 (the "Amended and Restated Service and Assessment Plan") in connection with the issuance of the District's issuance of its Assessment Revenue Bonds, Series 2018 (the "Series 2018 Bonds").

Pursuant to Sections 372.013, 372.014, and 372.016 of the PID Act, this update of the Amended and Restated Service and Assessment Plan (the "Annual Service and Assessment Plan Update") includes an update to the service plan, the assessment plan, and the assessment roll (the "Assessment Roll") identifying the assessments on each parcel (the "Phase 2F Assessments"), based on the method of assessment set forth in the Service and Assessment Plan and pursuant to this Annual Service and Assessment Plan Update.

[1] Viridian Holdings, LP and its successors and assigns.

Section 372.013 of the PID Act requires that the annual service plan update (i) define the annual indebtedness and the projected costs of the Authorized Improvements and (ii) cover a period of at least five (5) years.

A. Project Costs

As shown in Table 1 below, the original allocation of Project Costs to Phase 2F, which reflects a 7.30%[2] non-PID share factor, is $1,381,420. As a result of replats filed for Phase 2F, $30,345 in assessments were prepaid for lots that decreased in size, $15,895 in assessments were prepaid for lots that increased in size, and $7,225 in assessments were prepaid for a lot that was reclassified as non-benefited. Details of the prepayment calculations are shown in Section III herein and summarized in Table 1. The remaining assessments after these prepayments are $1,359,745. Taking the prepayments into consideration, the maximum reimbursable Project Costs, excluding interest, are $1,368,605.

B. Annual Installments

The Phase 2F Assessment imposed on any parcel may be paid in part or in full at any time. If not paid in full, the Phase 2F Assessment is payable in annual installments (the "Annual Installments") along with the costs of collection (the "Annual Collection Costs"); such Annual Installments commenced with the 2018 tax year and will finish in the 2044 tax year. Pursuant to the Service and Assessment Plan, the Phase 2F Assessment balance bore interest at the rate of 5.00% per annum[4] prior to the issuance of bonds. Following the issuance of the Series 2018 Bonds, the interest rate on the Phase 2F Assessments was adjusted to the net effective interest rate on the Series 2018 Bonds or 4.965630% plus one-half of one percent (0.50% and hereinafter referred to as the "Additional Interest Rate"). The resulting additional interest (the "Additional Interest Rate") shall be used for establishing debt service or

[4] Pursuant to the PID Act, this rate of interest is below both the statutory initial maximum allowable rate of interest of 8.65% and the statutory maximum allowable rate of interest applicable after the fifth Annual Installment of 5.65%.

prepayment reserves or for any other purpose authorized by the PID Act as set forth in the applicable bond indenture or order. Annual Collection Costs were levied at 5.00% of the Phase 2F Assessments and range from $5.35 to $53.52 per lot. The Phase 2F Annual Installments will (i) be included on the regular County property tax bill, (ii) be due and payable to the County at the same time and in the same manner as property taxes, and (iii) become delinquent if not paid on or before January 31 of each tax year. The 2026-27 Annual Installments are shown in Table 5 below.
