

Felicia Pacewicz

Vote for Felicia & Set the Pace with Pacewicz

My husband and I chose Arrowbrooke in 2020 because we wanted a beautiful and safe place to raise our children. Since then, I have been actively involved to make our community even better.

Here are just a few instrumental changes I have been able to accomplish as a resident:

- Fought for safer streets: Coordinated with Arrowbrooke residents to collect petition signatures to ban overnight commercial parking in our neighborhoods. This also included representing our case before the Denton County Commissioners Court;
- Partnered for stronger safety: Initiated conversations between our Chief of Police and our Justice of the Peace to update our ordinances and increase their enforceability; and
- Advocated for residents: Proactively reached out to representatives involved in several local road projects, which recently even resulted in a second westbound lane from First Street to Denton Way.

Currently, Arrowbrooke is the only community with no representation on the board, and I not only want to change that, but I want to keep building on the progress I have made in all of our neighborhoods. Together, let's make Elm Ridge the best it can be and a place we are proud to call home.
