Block House MUD Customer Service Agreement

### I. PURPOSE

The Block House MUD (the "Water System") is responsible for protecting the drinking water supply from contamination or pollution that could result from improper plumbing practices. The purpose of this Customer Service Agreement (the "Agreement") is to notify each customer of the plumbing restrictions that are in place to provide this protection. The utility enforces these restrictions to ensure the public health and welfare. Each customer must sign this Agreement before the Block House MUD will begin service. In addition, when service to an existing connection has been suspended or terminated, the Water System will not re-establish service unless it has a signed copy of this Agreement.

### II. PLUMBING RESTRICTIONS

The following unacceptable plumbing practices are prohibited by State regulations.

- A. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air-gap or an appropriate backflow prevention device.
- B. No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.
  - C. No connection that allows water to be returned to the public water supply is permitted.
- D. No pipe or pipe fitting which contains more than 0.25% lead may be used for the installation or repair of plumbing at any connection that provides water for human use.
- E. No solder or flux that contains more than 0.2% lead can be used for the installation or repair of plumbing at any connection that provides water for human use.
- F. Plumbing installed on or after January 4, 2014 bears the expected labeling indicating less than or equal to 0.25% lead content. If not properly labeled, please provide written comment.

### III. CUSTOMER SERVICE AGREEMENT

The following are the terms of the Customer Service Agreement between the Block House MUD and (the "Customer").

- A. The Water System will maintain a copy of this Agreement as long as the Customer and/or the premises is connected to the Water System.
- B. The Customer shall allow his property to be inspected for possible cross-connections and other unacceptable plumbing practices. These inspections shall be conducted by the Water System or its designated agent prior to initiating new water service; when there is reason to believe that cross-connections or other unacceptable plumbing practices exist; or after any major changes to the private plumbing facilities. The inspections shall be conducted during the Water System's normal business hours.
- C. The Water System shall notify the Customer in writing of any cross-connection or other unacceptable plumbing practice that has been identified during the initial inspection or the periodic reinspection.
  - D. The Customer shall immediately correct any unacceptable plumbing on his premises.
- E. The Customer shall, at his expense, properly install, test, and maintain any backflow prevention device required by the Water System. Copies of all testing and maintenance shall be provided to the Water System.

# **IV. ENFORCEMENT**If the Customer fails to comply with the terms of the Customer Service Agreement, the Water System

## Crossroads Utility Services Terms and Conditions

By submitting this form, I agree to all of the following Terms and Conditions:

- ♦ I understand my district may require 1-2 business days to connect service.
- ♦ I understand I will be contacted once my application is processed with deposit and application fee information that will need to be paid in full prior to connection of service.
- I understand that I am responsible for all discharges of water on the customer side of the water meter, regardless if that discharge was a result of my actions or inactions.
- ♦ I understand that a minimum monthly service charge will be assessed for my active utility account regardless of water consumption.
- ♦ I understand that I am liable for any damage to the water meter installed on the property. It is unlawful for anyone to break, damage, tamper with, obstruct or prevent the proper operation of the water meter.
- I understand that any of the offenses listed above will result in additional fees for water lost, damages incurred, and criminal charges may be filed against the customer.
- ♦ I agree, both applicant and co-applicant, if applicable, have the authority to close the account and that the return of the deposit, if any, may be issued to the applicant and/or co-applicant.
- ♦ I consent to receiving SMS text message alerts from my district related to emergency water or sewer repairs or outages that may affect my services. The notices are sent from 833-237-2606 or 512-246-1400 and I can opt out of these messages by replying STOP to these notices at any time.
