

**Notice: Stage 1 Water Restrictions**

Consistent with the District’s Drought Contingency Plan, which is required by State law, the District implemented **Stage 1** mandatory watering restrictions effective October 1, 2025, and continues to be in effect in an effort to manage the take-or-pay purchase requirements of the District’s wholesale water supply, conserve the District’s water resources. The goal for Stage 1 is to achieve a 10% reduction in average daily water use. Under Stage 1, landscape irrigation is only permitted before 10:00 a.m. and after 7:00 p.m. on the following designated watering days:

Address Ends In	0, 1, 4, or 7 and locations without addresses	2, 5, or 8	3, 6, or 9
Watering Days	Mondays & Thursdays	Tuesdays & Fridays	Wednesdays & Saturdays

**Required Water Use Restrictions.**

All Customers will be required to limit Landscape Irrigation Use to Stage 1 Designated Outdoor Watering Days between 12:01 a.m. to 4:00 a.m.; 7:00 a.m. to 10:00 a.m.; and 8:00 p.m. to 11:59 p.m., except with hand-held hoses equipped with a positive pistol grip nozzle or other device that automatically shuts off water flow or hand-held buckets. This prohibition does not apply to irrigation: (i) using treated wastewater effluent or raw water; (ii) during landscape installation and within the first ten days after installation is complete; (iii) during repair or testing of a new or existing irrigation system; and (iv) at a commercial plant nursery.

Use of soaker hoses on landscaped areas is allowed only from 12:01 a.m. to 10:00 a.m. and 8:00 p.m. to 11:59 p.m. on Stage 1 Designated Outdoor Watering Days.
