

Notice: Stage 2 Water Use Restrictions In Effect

Remaining Consistent with the District’s Drought Contingency Plan, which is required by State law, the District implemented Stage 2 mandatory watering restrictions effective October 17, 2023 in an effort to manage the take-or-pay purchase requirements of the District’s wholesale water supply, and to conserve the District’s water resources. The goal for Stage 2 is to achieve a 20% reduction in average daily water use. Under Stage 2, landscape irrigation is only permitted before 10:00 a.m. and after 7:00 p.m. on the following designated watering days:

Address Ends In	1 or 7	2 or 8	3 or 9	0 or 4	5	6
Watering Day	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

Additional restrictions regarding washing vehicles, filling swimming pools, fountains and ponds, use of water from hydrants, and wasting water also apply Please visit <https://traviscountymud2.org/tc2-order-adopting-revised-water-conservation-and-drought-contingency-plan-2019/> ,for a copy of the Drought Contingency Plan, which includes the full list of Stage 2 mandatory water use restrictions. Violations of the Stage 2 mandatory watering restrictions will be subject to a \$500.00 fine or the installation of a flow-restriction device, and repeat violations may be subject to termination of water service.
